Skills

I actively seek out professional and life experiences geared toward accomplishing my goals and hopefully making a difference in the world. I am dedicated and earnest about the work I do. Working in healthcare feels like a true calling to me. I hope to incorporate a strong sense of knowledge, compassion, and community into my practice. I believe learning and growing is a lifelong experience, and I hope to continue my education throughout my entire life. My past experience, my personality, and my desire to learn drives me to pursue a career as an ICU nurse as well as an educator in my future.

Experience

Scripps Memorial Hospital / Patient Care Assistant

January 2021 - Present, Encinitas CA

I am currently a patient care assistant (PCA) at Scripps Memorial Hospital in Encinitas. I work in all departments of the hospital including MedSurg and telemetry floors, the Emergency Department, the ICU, ICU step down units, and the Mother Baby unit. As a PCA, I take vitals, help with activities of daily living, do EKGs, ensure patient comfort and safety, and assist the patients and nurses as needed. I have also been trained to be a constant observer, in which I maintain safety for a patient who may be a danger to themselves or others.

Harbor Fish Cafe / Server

June 2020 - September 2020, Carlsbad CA

As a server, I learned how to interact with all types of people. It was important to be quick and efficient without becoming overwhelmed. Customer service was huge, so delivering a friendly and personable experience to everyone was a skill I perfected here. My ability to work efficiently and talk to people carried over and played a huge role as a CNA.

Nanny

September 2019 - May 2020, Carlsbad CA

Nannying two girls while going to school took a great deal of coordination, responsibility, confidence, and patience. It was hard work, but it was very rewarding to take care of two young sisters, who I learned from and cared a great deal for.

RNP Advisory Services / Summer Intern & Administrative Assistant

May 2018 - August 2019, Morgan Hill CA

As an administrative assistant for a financial planning company, I greeted and assisted clients, spoke with clients over the phone, wrote letters and emails, utilized Word and Excel, prepared meetings, and made sure the office ran smoothly. I learned about carrying myself professionally in person, over the phone, and over email from this job.

Amada Senior Care / Caregiver

December 2018 - May 2019, Phoenix AZ

As a caregiver, I provided companionship and assistance to elderly patients who needed in-home care. I worked with dementia, ALS, colostomies, blindness, surgery recovery, dialysis patients, and immobile clients. I learned a great deal about how to care for people physically and emotionally in their own home.

Help and Care / Caregiver

May 2018 - August 2018, Saratoga CA

My first caregiving jobs included taking care of an 86 year old woman diagnosed with dementia in a long-term care facility as well as helping an 80 year old man with ALS in his home. I would arrive early in the morning and help with safety and activities of living throughout the day.

Kumon / Tutor

April 2016 - August 2017, Morgan Hill CA

I tutored children from kindergarten to 12th grade in math, reading, and english. I reviewed and graded their work, and helped them to understand challenging concepts.

UCSF Medical Center/ Volunteer

June 2016 - August 2016, San Francisco CA

Volunteering at UCSF Hospital, I was responsible for going room to room and taking care of any simple patient needs. I would bring entertainment and comfort to the patients with things like newspapers, pillows, movies, and puzzles.
